who we are

and what we do

At CT Commercial Paper LLC, we pride ourselves on our customer-centric approach to business. Since 1999, we have been a trusted supplier of sanitary tissue and towel products to our clients in a multitude of industries including food service, sanitary and janitorial services and consumer products. Our goal is to build long-lasting relationships with our customers based on trust, reliability, and excellence in service and quality.

In today's fast-paced and ever-changing world, we understand the importance of staying agile and adaptable, and we are committed to providing our clients with the most innovative and up-to-date solutions. Our state-of-the-art technology and experienced team enable us to produce a wide range of customized to customer's specifications paper products including bath tissue, jumbo roll tissue, paper towels, hardwound towels, napkins, and other products. Our own fleet of tractor-trailers is dedicated to deliver our products directly to our customers in record times and is striving to meet the toughest deadlines at all times.

We are driven by our passion for excellence and our unwavering commitment to delivering superior products and services to our clients. We invite you to learn more about our company and discover how we can help you to achieve your business goals and drive your brand value with our complete line of high-quality, reliable paper products and services.

Our Mission & Commitment to Long Term Sustainability

At the heart of our mission is a commitment to a circular economy, where waste is minimized, and valuable resources are reused and recycled. We actively seek to reduce our environmental impact through responsible sourcing of raw materials, reduction in energy and water usage, and adherence to strict environmental regulations. Collaboration with suppliers, customers, and local communities is very critical to achieving our sustainability goals.

The predominant majority of our products are made with 100% recycled material with up to 100% of post-consumer waste content that meets Green Seal™ certification requirements. Green Seal™ standard, GS-1, is based on chlorine-free processing, energy and water efficiency and utilization of 100% recovered material. We source virgin paper from FSC certified forests which are responsibly managed and protected for future generations. We constantly work with our supplier network to ensure that our paper products are produced with the utmost care and attention to sustainability.

We are committed to promoting sustainability through our manufacturing processes and promoting eco-friendly solutions. We strive to reduce our carbon footprint and minimize waste production through efficient use of resources and responsible waste management. In partnerships with our suppliers, we are able to separate and recycle all of our paper, board, film, plastic and metal waste.

We believe that small actions can make a big difference, and that is why we encourage our customers to join us in making environmentally conscious choices. Together, we can contribute towards a healthier and greener planet for generations to come. Join us in our efforts to create a sustainable future for our planet.

Welcoming A New Family Member!

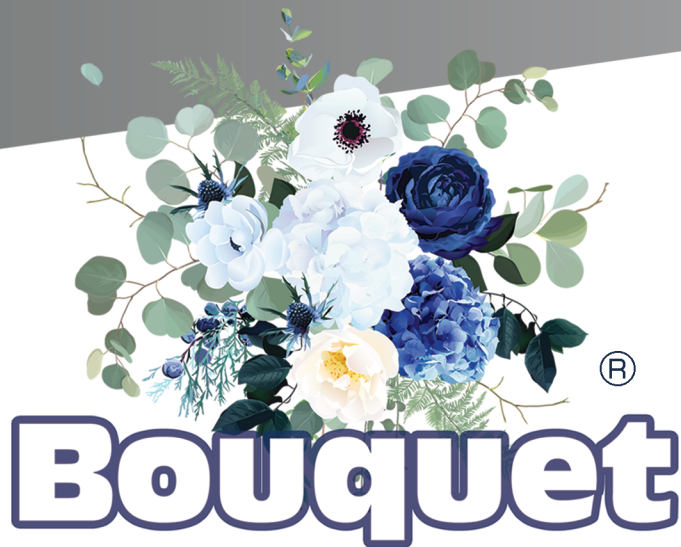

In 2021, our family of converting equipment was enriched with the introduction of Perini Constellation® S8, a cutting-edge technology that has propelled us to the forefront of the consumer products industry. This groundbreaking innovation brings forth a host of thrilling possibilities, enabling us to achieve meticulous control over log growth throughout the entire production process. As a result, we can now achieve flawlessly consistent winding from the initial sheet to the very last, reaching astonishing speeds of up to 800 meters per minute.

The Perini Constellation® S8 represents a fully integrated and automated production line, enhanced with state-of-the-art packaging equipment. This advanced system empowers us to manufacture single and multi-pack paper towels and bath tissue at unprecedented velocities, setting new records in our industry.

With the Constellation® S8 at your disposal, you have the perfect tool to craft an exceptional and tailored range of products that surpasses anything achievable through conventional technologies. We are committed to assisting you in realizing your vision and achieving unparalleled quality. Allow us to guide you on the path to creating a distinct brand identity for your private label program, ensuring your success in the market.
